VIDEO: How to use this page

Create snapshot of instruments

Last snapshot: 02/04/2025 13:17

This page allows you to build and customize your data collection instruments one field at a time. You may add new fields or edit existing ones. New fields may be added by clicking the Add Field buttons. You can begin editing an existing field by clicking on the **Edit** icon. If you decide that you do not want to keep a field, you can simply delete it by clicking on the **Delete** icon. To reorder the fields, simply **drag and drop** a field to a different position within the form below.

Return to list of instruments

Previous instrument

Current instrument: **QFCA Ambulatorio**
